MEMORANDUM FOR

ARGO Committee

SUBJECT: December ARGO Activity

Arrangements have been made with CIA and the USGS to repeat the briefing by [] on the geologic applications of the KH-4 color photography on December 17, 1970, at the USGS facility at Reston, Virginia. The briefing is scheduled for 2:30 pm and should take about two hours. This briefing highlights the value of color for geological interpretation and should be of interest to all who are working with space photography on problems associated with natural resources.

25X1

The ARGO-associated agencies are urged to take this opportunity to acquaint as many of their scientific and engineering personnel with this briefing as possible. The briefing will be at the TK level so the names of those desiring to attend should be submitted to the USGS TCO [] by December 15.

25X1

There will be no ARGO meeting in December. Agencies are requested to submit agenda items for a January meeting by December 18.
